

"The spa care system specifically formulated for Softub vinyl-lined spas."

**KEEP OUT OF REACH OF CHILDREN
CAUTION
MAY BE IRRITATING TO EYES AND SKIN**

See side panel for additional precautionary statements.

Net Weight: 16 Ounces

Metal Gon is a concentrated product that suspends and neutralizes mineral elements that can stain and corrode your Softub spa. **Metal Gon** also acts as a clarifier to cluster unfilterable microscopic minerals together so that they can be removed in the filtration process.

DIRECTIONS FOR USE:

When filling the spa: Add 16 oz. to spas up to 500 gallons of water, before any sanitizer is added. Remove and clean cartridge filter within 24 hours.

Size of Spa (gallons)	Metal Gon for the Spa
140	5 ounces
220	7 ounces
300	10 ounces

Maintenance: If fresh water is frequently added due to evaporation or bather activity, you may need to add extra **Metal Gon**. Add 1 oz. per 100 gallons to hot tub water while the pump is running. Allow the water to circulate overnight or until the water is clear. This will help to control any mineral staining and will help to protect the heating element from corrosion. If staining continues due to excessive mineral levels in water, increase dosage.

NOTE: Draining and cleaning of the Softub spa is recommended every 3 months.

CAUTION: Avoid contact with skin, eyes, or clothing.

FIRST AID:

IF SWALLOWED: Call poison control center or doctor immediately. If conscious, immediately give 2 to 4 glasses of water, and do not induce vomiting unless told to do by poison control.

IF IN EYES: Hold eye open and rinse gently with cool water for 15-20 minutes. Remove contact lenses, if present, after 5 minutes, then continue rinsing eye. Call poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Wash thoroughly with cool water for 15 minutes. If irritation develops, call a physician.

KEEP OUT OF REACH OF CHILDREN
